

Computer dreams.

Introducing the new COMPAQ DESKPRO.[®] COMPAQ combined the best features of the best desktop computers. And then added exclusives you won't find on others. Today they're together in *one* personal computer. The COMPAQ DESKPRO.

The COMPAQ DESKPRO is the most expandable desktop you can buy. It can grow as you grow, with up to six available expansion slots and four storage devices, including a unique fixed disk drive backup—all *inside the computer instead of out*, saving your desk from clutter.

It's the most rugged desktop, too, because it's the only desktop with a shock-mounted mass storage compartment to help keep disk drives in alignment and help protect you from losing data, downtime, and dollars.

It's also the most compatible desktop, giving you true hardware and software compatibility with the industry's most popular personal computers. The COMPAQ DESKPRO runs thousands of programs written for the IBM[®] PC and XT right off the shelf. Which brings us to the next point.

Dream computer.

The industry leader in compatibility.

Text and graphics on one screen, not two.

Power and space for almost unlimited expansion.

Add up to 640K of memory on system board and save expansion slots.

Runs software 2X to 3X faster.

*10MB fixed disk drive
10MB fixed disk backup
Two diskette drives*

Exclusive tape backup helps protect data.

Unique shock mounting helps protect your data and hardware investment.

Familiar layout enhanced with LED's on caps and num-lock keys.

The COMPAQ DESKPRO is the fastest truly compatible desktop you can buy. It's two to three times faster than the industry standard. That saves time now. And in the future, as software becomes more sophisticated and integrated, it will save you even more time as well as protect your personal computer investment.

But there's more. We gave the COMPAQ DESKPRO one other feature not found on any other machine. You can choose between an amber or green dual-mode monitor that displays high-resolution text *and* graphics with equal

brilliance, saving you the cost and clutter of a second monitor.

See the Dream Computer. Then pinch yourself. It's for real.
